Europe

**Period:**

September 2021

**Type of Activity:**

Charity

# ONE Donated Two 20ft Units to the German Lifeguards Organization (DLRG)

Days of heavy rain caused several rivers in western Germany to burst their banks, flooding entire towns and villages. A lot of people lost their lives. Lifeguards were battling to save as many people as they could and to clean up in the wake of the disaster. This was the worst flooding in decades in Germany.

ONE supports the German Lifeguards Organization DLRG Dinslaken e.V. who have lost a lot of equipment during this flooding by donating 2 x 20 ft containers. The DLRG is the world's largest voluntary water rescue organisation, working exclusively on a voluntary basis and financed entirely by donations and membership fees.

In future, the containers will serve the DLRG in Dinslaken as additional storage space to keep the life-saving equipment dry and safe. One container will be used as a garage for a rescue boat.

We as ONE, are very happy to be able to support an organisation that regularly saves lives and that was stretched to the limit by COVID-19 and the recent flood disaster.
